Bonn, 23.04.2021

Dear Parents,

due to the current incidence value in Bonn as well as the regulation now in effect based on the new "Infection Protection Act" that schools will be closed already from an incidence of 165, the distance learning only will unfortunately have to continue in the coming week.

Emergency care

Unless I have received further information from you, I have adopted this week's caring times for the upcoming week.

If your child will not be attending emergency care on any day at short notice, please remember to cancel it by calling **0228-777923** in the morning no later than 7:45 a.m. with a brief message on the school answering machine. All group caregivers will check the answering machine around 8:00 am. Thank you.

Unfortunately, it is not possible to predict when we can return to rotating class and when I will be able to inform you in advance. However, please note that no matter when the school reopens, the moon group will start first.

Hope you stay confident and healthy!

With kind regards

Headteacher
Uta Becker

P.S.: You can find out the 7-day incidence for the City of Bonn here:
